Make copies of this list. Use the "Resource List" on the next two pages to help you come up with people for the list. Then start calling or meeting with everyone on your list. Remember, this is a person-to-person system. You have to talk with people for it to work. That is why we do not recommend the use of email to contact people. Once you have spoken with someone, cross that name off the list. Keep working your list and strive to contact a minimum of 5 new people every day. Do not hesitate to call people without pets. Since almost two-thirds of Americans have at least one dog or cat, almost everyone is likely to know someone with a pet, so ask for referrals.
